Click Warehouse Processing (EWM)Warehouse MonitorCreate Inbound DeliveriesDeliveriesRun Outbound ProcessDeliveriesShipping CockpitP

Click **Shipping Cockpit Execution**

On the EWM Fiori Lauchpad, select app *Shipping Cockpit Execution*
Click the   text box

Click the   text box

By default, the system displays TUs with Deliveries which are due for Delivery
today. You can change the search criteria via the Search functionality.

In this example, we use the Transportation Unit which is due for Delivery today.

Left click here

Left click here

Execute Departure from Door for Transportation Unit. This is the end of the test script.
